Your One-Stop Faucet and Plumbing Solutions Partner

NCIP combines decades of industry knowledge with comprehensive in-house capabilities to deliver complete faucet and plumbing solutions. Our experience helps customers navigate complex product development, certification requirements, manufacturing challenges, and market demands, reducing risks and avoiding the costly trial-and-error often faced when working with multiple suppliers.

30Y+ Market Expertise

With over 30 years of experience in global distribution channels and market development, NCIP offers more than manufacturing expertise. We understand what drives customer demand and what makes products succeed in the marketplace. By combining market insights, consumer trend analysis, and product innovation, we help our partners develop products with stronger selling points, greater market acceptance, and sustainable business growth.

10,000+ Product Designs

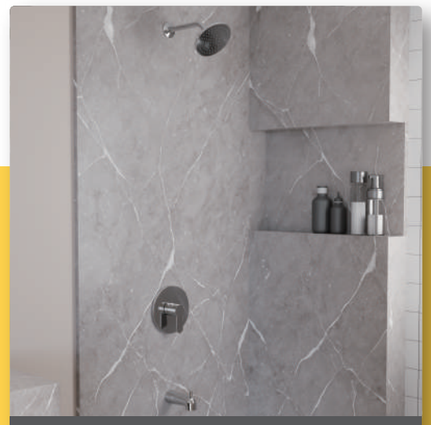

Powered by our in-house R&D and engineering team, we transform ideas into market-ready solutions through innovative design, precision engineering, and manufacturing excellence. Inspired by global design trends, we develop everything from faucet components to sophisticated mixed-material designs and precision-knurled details.

40Y+ Manufacturing Excellence

With over 40 years of experience and ISO 9001, ISO 14001, and ISO 45001 certified facilities, NCIP offers a fully integrated manufacturing process covering tooling, casting, engineering, finishing, mistake-proofed assembly, packaging, and quality control. Backed by smart manufacturing, real-time monitoring, and rigorous quality assurance systems, we deliver exceptional quality, efficiency, and reliability at every stage of production.

10+ Global Certifications

We provide worldwide shipping solutions backed by service centers in North America, China, Taiwan, and Vietnam. Our integrated international logistics system enables efficient inventory allocation, container consolidation, and stock management. By proactively monitoring inventory levels and issuing replenishment alerts before stock falls below safety thresholds, we help our partners maintain optimal inventory health, reduce supply chain risks, and ensure uninterrupted product availability.

RELIABLE Supply Chain

At NCIP, we provide a comprehensive one-stop supply chain solution for faucet manufacturing. Through our extensive network of trusted suppliers, we integrate all key components, from cartridges and waterways to castings, aerators, hoses, and customized parts. By serving as a single sourcing partner, NCIP streamlines procurement, ensures consistent quality, and strengthens supply chain resilience. Our proactive risk management approach helps mitigate supply disruptions, improve operational efficiency, reduce costs, and bring products to market faster.

Always Listening to Our Customers

Strong partnerships begin with listening. At NCIP, we are committed to understanding our customers, anticipating their needs, and providing support every step of the way. Through responsive service, reliable protection, and a customer-first mindset, we deliver peace of mind and create long-term value beyond the products we manufacture.

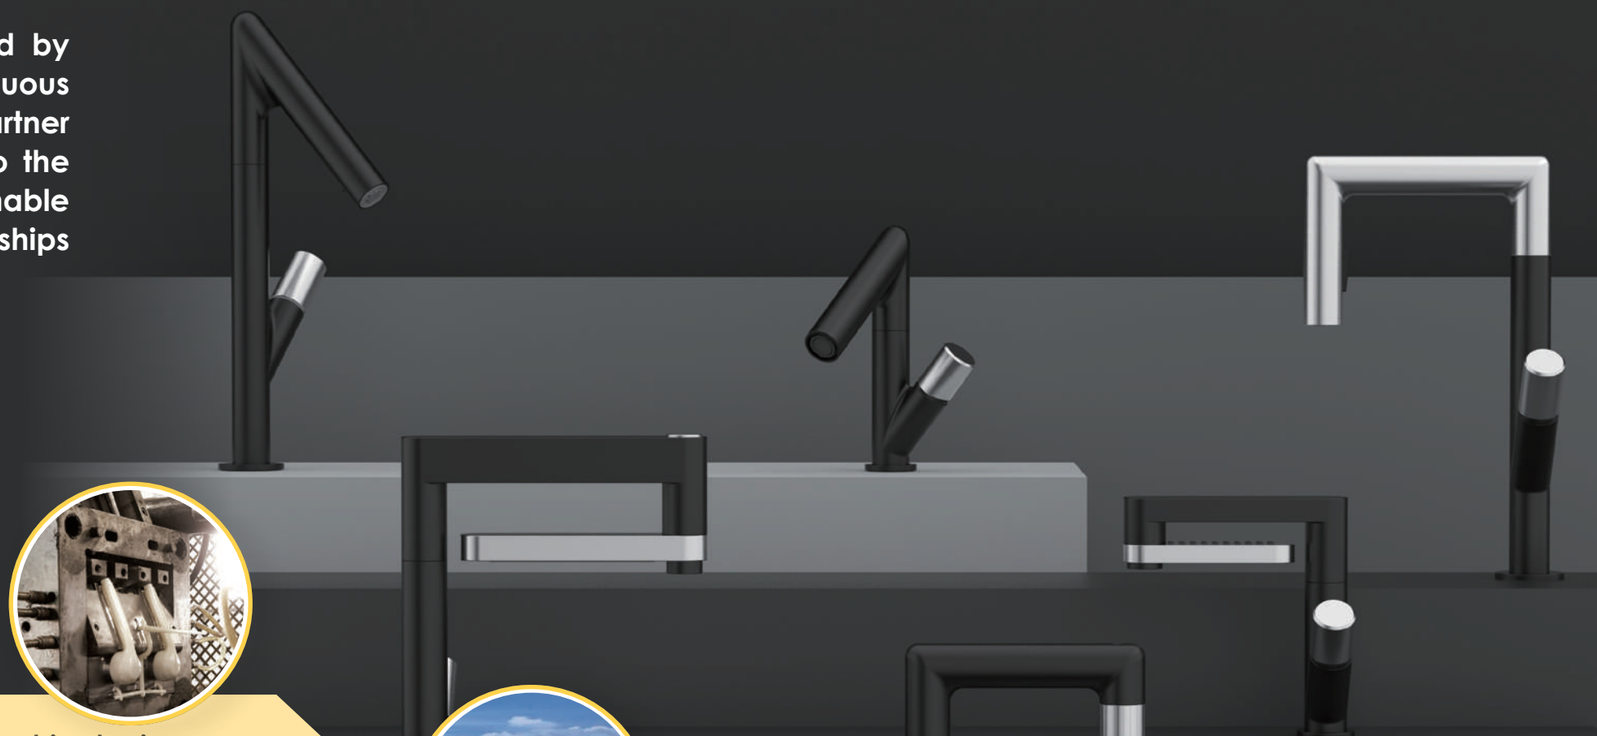

Your One-Stop Faucet and Plumbing Solutions Partner

IDA DESIGN AWARDS SILVER WINNER 2025

Built on a legacy of craftsmanship, strengthened by manufacturing excellence, and driven by continuous innovation, NCIP has grown into a trusted global partner for faucet and plumbing solutions. As we look to the future, we remain committed to delivering sustainable growth, exceptional value, and enduring partnerships that shape the next generation of the industry.

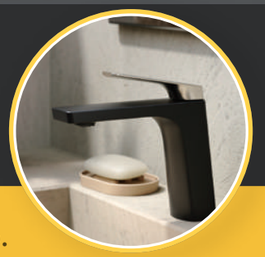

Foundation 1979 – 1989
Building the foundation of a global plumbing business.

Manufacturing Growth 1990 – 2011
Building the foundation of a global plumbing business.

International Organization for Standardization ISO 14001:2015

Brand Transformation 2009 – 2020
Building the foundation of a global plumbing business.

Global Innovation 2020 – Present
Driving sustainable growth, design excellence, and global leadership.

Product Innovation

Zinc Casting Spout Body with Plastic Waterway

- Patented hybrid design offers no lead nor toxic waterway
- In compliance with California AB100 low lead requirement (Q<1) & NSF/ANSI/CAN 61 – 2020

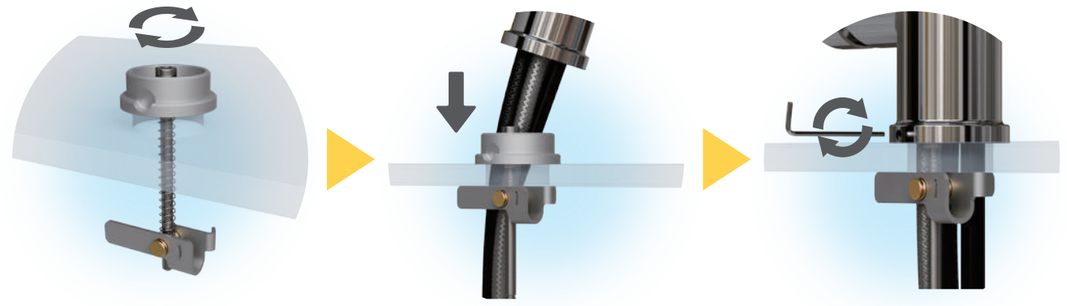

Lead-free innovation
in every drop

Top Mounting System

PATENT PENDING

No need to install the faucet under the sink.

Make installation easier and simpler!

Install the Parts | Insert the Faucet | Lock the Faucet

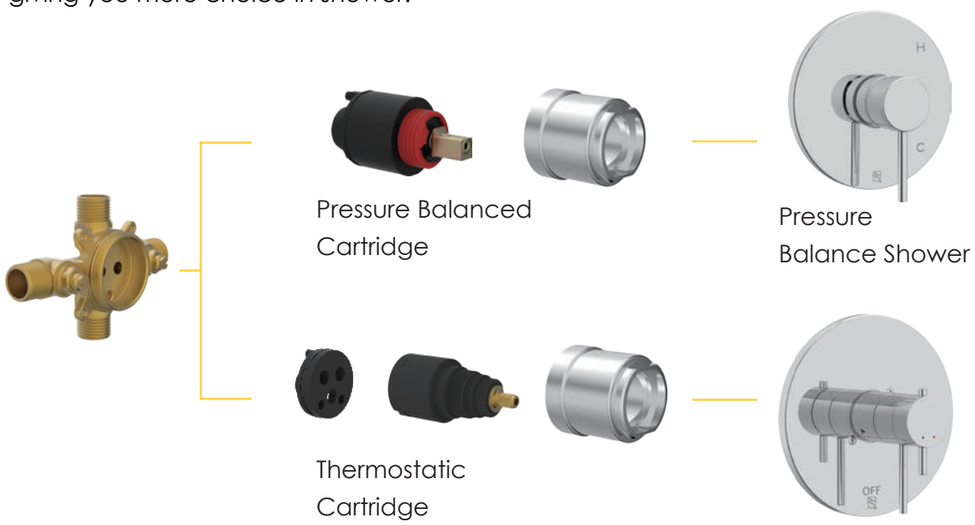

Product Innovation

Universal Valve PATENT PENDING

Easy to exchange, simple to install, friendly on your budget.

Easily upgraded to a thermostatic shower set by replacing the cartridge, giving you more choice in shower.
